A HIGHER STANDARD

CRUSADER

by PRIME TIME Mfg.

Within us all, there's a calling to achieve ever-greater things; a search for a higher standard. In creating Crusader, we asked our engineers and design team to throw caution to the wind and engage in serious "outside the box" thinking. We challenged them to think beyond the status quo and reach for product innovations not currently offered. We said, "Make Crusader a new standard in fifth wheels." Needless to say, they took the challenge to heart. The result of their efforts represents a new standard in fifth wheels — A HIGHER STANDARD — Crusader.

395BHL

395BHL

Crusader kitchens are by far the best in its class! We have designed our kitchens with large countertop preparation areas, enormous amounts of storage and large pantries. Crusader kitchens are appointed with many modern amenities such as solid surface countertops, stainless steel sinks, pull out sprayer faucet, and large storage drawers. Crusader kitchens are definitely built to a **Higher Standard!**

395BHL

395BHL

395BHL

Crusader is unlike any fifth wheel in its class. On the outside, our fifth wheel experts have combined advanced engineering and design with best-in-class features to create a fifth wheel that looks great, tows easily, and maximizes convenience. On the inside, your comfort and relaxation are guaranteed with an abundance of upgraded features such as an innovative loft bedroom and oversized one-piece fiberglass shower (both pictured). Finally, your long-term peace of mind is assured with Crusader's ETERNABOND® Construction, 50 AMP service and our custom 65 point pre-delivery inspection on 100 percent of our units.

A HIGHER STANDARD

Crusader bedrooms are built for comfort and convenience. Every Crusader model features large 60" x 80" Ever Rest® select foam beds while several models come with a king bed option. Large ceilings make Crusader bedrooms feel spacious and roomy, and large closets provide ample storage. Our slide-out models are washer and dryer ready as well. Everywhere you look, there are numerous upgrades that will make your Crusader the envy of the campground!

SPECIFICATIONS	297RSK	315RSK	330MBH	381MBH	382MBH	395BHL
LENGTH	32' 6"	35' 8"	38' 2"	42' 4"	42' 4"	40' 11"
HEIGHT	11' 8"	12' 9"	11' 8"	13' 3"	13' 3"	12' 9"
HITCH WEIGHT	1,435 lb.	2,052 lb.	1,625 lb.	TBD lb.	2,390 lb.	2,241 lb.
UNLOADED VEHICLE WEIGHT (UVW)	9,194 lb.	10,101 lb.	10,783 lb.	TBD lb.	13,129 lb.	11,990 lb.
CARGO CARRYING CAPACITY (CCC)	2,441 lb.	2,151 lb.	2,842 lb.	TBD lb.	2,371 lb.	2,251 lb.

UVW (Unloaded Vehicle Weight)* is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas.

The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories.

*Estimated Average based on standard build optional equipment.

CCC (Cargo Carrying Capacity)** is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity. ** Estimated average based on standard build optional equipment.

See back page for additional specification definitions.

A RENEWED COMMITMENT TO QUALITY.

When it comes to choosing an RV, customers demand quality. At Prime Time Manufacturing, we have renewed our commitment to product quality and customer satisfaction with our new **Customer Assurance Inspection (CAI)** process.

Before any RV can be cleared to leave our site, it must first pass a newly-developed, **rigorous 125-point checklist**. Our skilled technicians review every model from top to bottom, both inside and out. We check and double-check the entire unit, from water tanks to the electrical system, roof to underbelly, kitchen appliances and countertops—and everything in-between.

When you choose a Prime Time Manufacturing product, you can be assured that our enhanced commitment to quality has been developed with you in mind. **Choose quality. Choose Prime Time Manufacturing.**

ADDITIONAL SPECIFICATIONS:

GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

GAWR (Gross Axle Weight Rating) is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

Download the Prime Time Manufacturing mobile app or visit our dynamic online manual to enhance your ownership experience. These interactive options provide incredible ease and insight into use, maintenance and enjoyment of your Prime Time Manufacturing product. From "How-To" videos, pictures and illustrations of various components, systems and features, to fully searchable content and downloadable PDFs for individual component owner's manuals, answers are always just a click away.
