**SANIBEL**

**MORE LUXURY, MORE VALUE**

Prime Time Manufacturing is proud to offer Sanibel — a wide body fifth wheel built to stand unequivocally on its own with a level of intelligence that far exceeds the status quo.

From its well-designed, spacious interior to its modern amenities and extra creature comforts, the Sanibel is your home away from home. The interior is crafted around comfort, beauty, and convenience.

Modern cabinetry, residential appointments, and rich textures create a sophisticated space of warmth and elegance. Fabrics are specially treated to provide the softest touch and breathability for comfort in heat or cold.

In short, every element of Sanibel creates a personal connection focused on enjoyment and satisfaction!

**UVW (Unloaded Vehicle Weight)\*** is the typical weight of the unit as manufactured at the factory. It includes all weight at the unit's axle(s) and tongue or pin and LP Gas. The UVW does not include cargo, fresh potable water, additional optional equipment or dealer installed accessories. \*Estimated Average based on standard build optional equipment.

**CCC (Cargo Carrying Capacity)\*\*** is the amount of weight available for fresh potable water, cargo, additional optional equipment and accessories. CCC is equal to GVWR minus UVW. Available CCC should accommodate fresh potable water (8.3 lbs per gallon). Before filling the fresh water tank, empty the black and gray tanks to provide for more cargo capacity. \*\* Estimated average based on standard build optional equipment.

See back page for additional specification definitions.

# A RENEWED COMMITMENT TO QUALITY.

When it comes to choosing an RV, customers demand quality. At Prime Time Manufacturing, we have renewed our commitment to product quality and customer satisfaction with our new **Customer Assurance Inspection (CAI)** process.

Before any RV can be cleared to leave our site, it must first pass a newly-developed, **rigorous 125-point checklist**. Our skilled technicians review every model from top to bottom, both inside and out. We check and double-check the entire unit, from water tanks to the electrical system, roof to underbelly, kitchen appliances and countertops—and everything in-between.

When you choose a Prime Time Manufacturing product, you can be assured that our enhanced commitment to quality has been developed with you in mind. **Choose quality. Choose Prime Time Manufacturing.**

## ADDITIONAL SPECIFICATIONS:

**GVWR (Gross Vehicle Weight Rating)** - is the maximum permissible weight of the unit when fully loaded. It includes all weights, inclusive of all fluids, cargo, optional equipment and accessories. For safety and product performance do NOT exceed the GVWR.

**GAWR (Gross Axle Weight Rating)** is the maximum permissible weight, including cargo, fluids, optional equipment and accessories that can be safely supported by a combination of all axles.

Each Forest River RV is weighed at the manufacturing facility prior to shipping. A label identifying the unloaded vehicle weight of the actual unit and the cargo carrying capacity is applied to every Forest River RV prior to leaving our facilities. The load capacity of your unit is designated by weight, not by volume, so you cannot necessarily use all available space when loading your unit.

## PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.
